To secure a challenging position as a Registered Nurse where my communication, clinical and nursing experience will be assets in successfully caring for patients.

## Work Experience

---

### **Pre Op Nurse**

Methodist Hospital for Surgery - Addison, TX

April 2016 to Present

Description: Responsible for care of patients via monitoring, assessment, intervention, and continuous reassessment

- Administered care for patients immediately before surgery
- Ensured patients and families are comfortable with upcoming surgical procedures
- Gathered, assessed and evaluated patient data for surgical purposes
- Identified potential surgical complications quickly and acting decisively with advanced knowledge of appropriate implementations
- Obtained 12 lead EKG's, vital signs and blood specimens ordered
- Performed venipuncture. Administer IV fluids and medications including antibiotics, narcotics and etc. and monitoring reactions closely looking for potential side effects and adverse reactions
- Provide education to the patient relevant to the procedure being performed

### **Registered Nurse (RN)**

Plastic Surgery Practice - Charlotte, NC

2014 to 2015

Description: Cared for patients undergoing cosmetic and medical surgery, laser and nonsurgical treatments.

- Served as registered nurse in assisting with pre-surgical procedures, post-operative care, and minor office procedures
- Managed information of patient charts, peri-operative documentation, medical tests and other medical records as required
- Provided comfort, support, and counseling for all patients- most notably oncologic patients
- Inventory management

### **Registered Nurse (RN)**

Novant Health - Charlotte, NC

2011 to 2015

Emergency Services: Children

Description: Responsible for providing direct patient care for pediatrics as well as family in an Emergency room setting

- Recognized, assessed, and intervened for urgent and emergent health conditions

- Prioritized, monitored, recorded, and reported patient symptoms quickly
- Safely delivered medications, treated wounds, and carried out nursing care in a timely manor
- Managed pain relief and sedation with pharmacologic and non-pharmacologic interventions
- Maintained safe and clean environment while providing personalized patient care
- Provided NC Board of Nursing practice based knowledge and education to patients and family
- Collaborated with patients to plan for future healthcare needs, transitions, and referrals

### **LCH5-Short Stay Unit/ Infusion nurse**

Novant Health - Charlotte, NC

2012 to 2014

Description: Coordinated management of pre and post-operative, general surgery, medical patients, and administered infusions

- Post-operative care for surgery patients
- Performed venipuncture, accessed implanted ports, maintained peripheral IV lines
- Successfully expedited higher levels of care for patients in need
- Instructed individuals and families on topics such as health education and disease prevention
- Performed infusions and monitoring of patient's status throughout entire infusion as well as managed emergency reactions

### **Registered Nurse (RN)**

Novant Health - Charlotte, NC

2010 to 2011

Charlotte, NC 6D Short Stay Unit

Description: Coordinated management of post-operative, general surgery, medical, and psychiatric patients.

- Administered and provided direct care for patients receiving pain management for SSC, PRBC, FFP and preparing for multiple surgeries
- Utilized strong customer service skills through daily interaction with patients and physicians
- Instructed individuals and family members on health education and disease prevention
- Assisted patients in prioritizing healthcare system activities
