Direct Care Staff

Choices of St. Joseph - Saint Joseph, MO

January 2016 to August 2019

As a direct care staff I worked in a in home setting such as a group home. Their were 4 individuals who had different care needs. I went to other homes as well. I learned to communicate with individuals who are nonverbal, feed alternative diets, feed individuals with a feeding tube, pass medication, learned what to do if someone is having an seizure or is aspirating, took vital signs, gave showers, dressed them, cleaning up individuals after output, played games such as card games or wii, made food, went on outings like mall or walk around neighborhood, and charted.

Associate

Lowe's - Saint Joseph, MO

June 2015 to June 2016

I was a Lowe's cashier mainly in lawn and garden department. I helped finding flower, picking out stones/soil, mark downs, stocked shelves, checking customers out, and going to get carts from parking lot.

- Operated cash register
- Received inbound calls
- Trained and managed on-boarding of new employees
- Assisted Lowe's supervisor with customer service

Babysitter

Saint Joseph, MO

September 2012 to May 2015

I took care of many children/ kids from different ages youngest were twin preemie newborns to oldest being 9 years old.

- Taking care preemies with oxygen, breathing treatments, monitor on foot/toe
- Preparing meals/ snacks
- Helping with homework
- Playing
- Giving baths
- Ready for bed or naps
- Changing diapers
- Cleaning house
- Picked up children from school, daycare, sports practice, extracurricular activities and appointments
- Provided children with a productive, compassionate learning environment
- Responsible for putting children to bed
- Created individualized healthy meals
- Provided children with any necessary or emergency medical needs
- Implemented positive discipline and redirection

PCT (Patient Care Technician)

Mosaic - Saint Joseph, MO

I took patients vitals three times a shift or more if something was abnormal or on post ops.

I cared for patients with getting extra blankets, wrapping IV/pick lines for them to shower, helping turning them so they wouldn't get pressure sores, and cleaning them after output.

I would chart vitals and input/output.

Transfer patients to MRI,CT,X-ray, ultrasound, or to dialysis.
