I did all patient care. Assisting with toileting, showers, feedings, peri care with incontinent episodes.

Work Experience

Registered Nurse

Mena Regional Health Systems
Present

Administer basic medications in accordance with doctor's treatment plan
Document patient behaviors and report abnormalities to supervisor
Assist with personal hygiene maintenance, including bathing and showering
Listen to patient needs and adjust treatment plan accordingly

LPN (Licensed Practical Nurse)

August 2019 to August 2021

I did all medication passes throughout my shift whether they were P.O., IV, NG or OG tube
I provided patient care for someone that needed full assistance or partial assistance, whatever they needed at the time
I would notify the doctor of any changes in their behavior or if medications were being refused

Nursing Aide

February 2018 to July 2019

I did all patient care. Assisting with toileting, showers, feedings, peri care with incontinent episodes.
