

Shelby Morris

RN - HCA Healthtrust

Powhatan County, VA 23139

shelby54321@msn.com

+1 804 437 2069

I am currently working at Healthtrust as a PRN Emergency Department Registered Nurse. I also have experience working in Hospice and PreOp/PACU. My experiences in the Emergency Room setting along with my experiences in Surgical Services and Hospice have allowed me to acquire strong time management and teamwork skills. I am able to work as a team and adapt to the ever- changing demands of nursing where time can prove to be critical. I have had the ability to work with many patients with various conditions. My greatest reward is to see a patient smile when they are not feeling well. I strive to make each individual feel special by listening to and assessing each individual situation while demonstrating a cheerful and uplifting attitude. I believe that each patient should be treated with respect as an individual and given the best quality of care. I will always strive to provide the best care possible and advocate for my patients.

Authorized to work in the US for any employer

Work Experience

Registered Nurse

HCA Healthtrust

January 2020 to Present

As an ER Registered Nurse for Healthtrust, I float to the various HCA Emergency Departments in the Richmond area based on needs.
