Work Experience

Direct Support Professional (DSP)/CNA/CH

Lutheran Social Service of Minnesota - Coon Rapids, MN

November 2012 to Present

I do direct care for the individuals as a DSP/CNA.

I Oversee the home now as a HC (house coordinator) managing and ensuring quality services are delivered to the individuals we support, their families and vendors. Providing safe and secure environment by on-site supervision, coaching, and mentoring of serves as a role model of Person-Center Services. Supervising staffing to ensure quality supports and services are meeting expected expectations. Improving active workplace to promotes respect and friendly teamwork while supporting individuals to pursue their hopes, dreams, and personal outcomes. Addressing any situations that may arise and ensuring safe and secure environment. In charge of house budgeting, house petty cash and individual accounts, as determined by my supervisor.

CNA - Certified Nursing Assistant

The Waters of Edina - Plymouth, MN

June 2014 to October 2017

I provided cares as specified by assignment sheet by performing (ADLs) which includes bathing and grooming patients by brushing their hair, teeth, shaving them, feeding, monitoring, and documenting information of their cares, like food and liquid intakes. Checking vital signs includes blood pressure, hearts rates and Blood sugar levels. Answering patient calls light, cleaning rooms, changing bed linens, stocking supplies, and gathering medical supplies. Transporting patients and assisting with turning or moving patients that are immobile.

CNA - Certified Nursing Assistant

THE GLENN - Minnetonka, MN

May 2012 to September 2014

I did cares as specified by care plan/NAR assignment sheet by performing ADLs, which includes washing, dressing, shaving, toileting, grooming, bathing, feeding, walking, transferring, skin care, oral care and catheter care to residents as may require. Collects specimens (urine and stool) as instructed. Repositions residents as indicated per plan of care and answer all call lights in a timely manner. Transports residents safely within the facility. Assists with meals and dining services for all residents. Observing and monitoring functions of resident's condition both physical and psychosocial, regularly recording cares, intakes, and outputs of residents accurately and reports in a timely manner any changes to the supervisor. Giving report to team member before leaving floor at end of shift
