## Skills & Abilities

### COMMUNICATION

- I interact easily with a diverse group of people
- I am sensitive to patient and family needs
- I show compassion to others
- Exceptional written and verbal communication skills
- Work extremely well in a collaborative environment
- Patient, calm and good listener

### LEADERSHIP

- Member of the retention committee
- Currently responsible for precepting new Registered Nurses to the Clinical Decision Unit/Covid co-hort unit/Cardiac Tele Unit
- Charge Nurse on a rotating basis
- I was in charge of staffing and scheduling for all Patient Care Technicians on my unit before I received my RN in August of 2017. Staffing and scheduling was a huge responsibility because you need to be fair, have attention to detail and make sure all staff sign up for the required weekends and holidays but also be sensitive to others outside lives and things that come up.
- I can work efficiently and remain calm under pressure and I am self-motivated
- I have excellent time management skills
- I am a team player
- Great attention to detail

### HANDS ON

- As a Registered Nurse and previous Nursing Technician I have developed and currently perform a lot of hands on nursing skills. **These skills include but are not limited to**, providing comfort, education and quality of life to patients with a terminal diagnosis. I provide support to caregivers of terminally ill patients. I perform vital signs by machine or manually, check blood sugar, bathe, turn patients, bladder scan, EKG, collect and send specimens, collect and record I&O, change bed linen, empty and change colostomy bags, foley catheter and surgical drains. I can react quickly and efficiently to a code or rapid response. I am **ACLS** and **BLS** certified and know what to do in an emergent situation. I can do a head to toe physical assessment, focused assessment, give medications by mouth and Intravenously, administer injections (insulin, vaccinations, blood thinner etc.), perform wound care, insert foley catheters and NG tubes, cardiac telemetry monitoring, stroke certified, write nursing notes and document interventions performed. **I am responsible for developing care plans and providing education on all of my assigned patients.** Familiar with operating meditech and Epic computer systems. **Efficient in carrying out all required nursing procedures and following all company policies.**

## Education

**ASSOCIATE OF SCIENCE DEGREE | 2014-2017 | HARFORD COMMUNITY COLLEGE, 401 THOMAS RUN ROAD BEL AIR MD 21015**

- Registered Nurse License number: R229740 Obtained 09/13/2017 Expiration 01/28/2023
