Experience

Travel RN

11/2020 - Current

Host Healthcare

- Treated patients using pharmacological and non-pharmacological treatment modalities to address various disorders, diseases and injuries.
- Used facility EMR system to update patient records, transmit prescriptions and transfer files.
- Immunized patients against influenza and pneumonia to protect vulnerable populations from serious illnesses.
- Administered medications, tracked dosages and documented patient conditions.
- Administered oral, intramuscular and IV medications to patients and monitored responses.
- Collaborated with interdisciplinary personnel to create, implement and manage patient care plans suiting individual needs and preferences.
- Observed strict safety measures, including checking medication dosages before administration to patients.

Cardiac ICU RN

01/2020 - 11/2020

East Jefferson General Hospital | New Orleans, LA

- Monitored and recorded patient condition, vital signs, recovery progress and medication side effects.
- Administered medications, tracked dosages and documented patient conditions.
- Coordinated care with physicians and other clinical staff to prepare for treatment, carry out interventions and enhance continuum of care to deliver comprehensive services.
- Maintained optimal ventilator settings and operations to meet patient care needs.
- Instructed patients, caregivers and families on diagnoses, treatment options and self-management to maintain continuity of care.

- Delivered quality care and comfort to patients with heart failure, pulmonary hypertension, pulmonary embolisms and end-stage renal disease.

RN ICU

08/2019 - 10/2019

West Jefferson Hospital | Marrero, LA

- Monitored and recorded patient condition, vital signs, recovery progress and medication side effects.
- Administered medications, tracked dosages and documented patient conditions.
- Completed and maintained personal Performance-Based Development System (PBDS) standards to show consistent clinical competency and sound judgment.
- Conducted post-op reviews, tracked patients' vitals and monitored fluids to reach optimal care targets.
- Delivered quality care and comfort to patients with heart failure, pulmonary hypertension, pulmonary embolisms and end-stage renal disease.
- Worked with management to identify and implement initiatives to increase nursing staff retention, morale and satisfaction.

BSN

01/2017 - 06/2020

Charity/University of Phoenix

Operating Room Circulator/Surgical Technologist

01/2011 - 01/2015

Notre-Dame Hospital, CHUM | Montreal, Canada, Canada

- Managed patient flow and directed nurses and doctors to ensure medical assignments are completed on time.
- Prepared operating room for patient procedures and assisted with clean up after procedures.
- Prepared operating rooms by setting out and verifying equipment and assessing for compliance with asepsis standards.
- Observed body language, movement and demeanor to anticipate surgeon's needs and maintain procedure sterility during operation.
- Handled laboratory specimens and inspected containers for correct packaging and labeling.
- Performed nursing tasks to deliver high level of care and comply with procedures and regulations.
- Built relationships with pre- and post-surgical patients with compassion and positive attitude.
