## Work Experience

---

### **Director of Operations**

GoWell Urgent Care - Warrenton, VA

September 2021 to January 2022

Manage flow of patients. Streamline process. Develop standard of care practice. Create onboarding education packages. Responsible for patient safety, employee health, infection control, and staff development.

### **Home Infusion Nurse**

BrightStar Care - Fredericksburg, VA

December 2019 to December 2021

Home infusion nurse, PRN. Provided home infusions such as IVIG. Managed wound care and helped with patient assessments. Provided IV access and management of PICC lines and midlines.

### **Director of Nursing**

BrightStar Care - Fredericksburg, VA

April 2016 to December 2019

Responsible for the overall direction of home health clinical services for both personal care and skilled care. Reviewed all clinical documentation to assure we were providing quality care. Provided education to our field staff to help them learn and grow as medical professionals.

Maintained the clinical records to assure they were aligned with the state policies and Joint commission standards. Performed the initial assessments and reassessments according to policy. Worked diligently to build our skilled client base. Provide nurses with the proper education to allow them to be knowledgeable and up to date when visiting a patients home. Shadow new nurses to assure they are comfortable with what they are doing before releasing them to be on their own. On call as resource 24/7.

### **Manager**

Mary Washington Healthcare - Fredericksburg, VA

February 2013 to December 2015

Responsible for managing all day to day activities of service and supporting the Associates who are providing care to assure efficient and adequate care, patient throughput and operational aspects of the department and interaction with other departments. Align resources to match the need of the patients while remaining within budget. Responsible for hiring, coaching, mentoring, evaluating, and disciplinary process, leader of all patient care staff, assist with budgetary staffing, operational and capital allocation and requests. Accountable for daily operational activities on a 24-hour basis.

### **Staff Nurse**

Mary Washington Healthcare - Fredericksburg, VA

December 2011 to February 2013

Directing and coordinating all nursing care for patients based on established clinical practice standards. Collaborating with other professional disciplines to ensure effective and efficient patient care delivery and the achievement of desired patient outcomes. Supporting the organization's vision, mission and values. Utilizing knowledge of patient's age and cultural diversity into the provision of patient care. Participating in and accepting responsibility for functions delegated to the team.

### **Staff Nurse**

Fauquier Health - Warrenton, VA  
May 2005 to December 2011

Emergency Department Staff Nurse. Assisting the physicians, patient care, being a resource for my co-workers, being available to assist with trauma. I believe it is very important to be calm and the people around you will be calm, this allows for smooth flow in the emergency department. I am also able to obtain an IV on patients that are 'difficult sticks'.
