Work Experience

Nursing Supervisor

SSM Rehabilitation Hospital - Bridgeton, MO

January 2021 to Present

Staff RN responsible for

- Supervising day-day operations for a 60 bed facility
- Performed daily rounds with primary care providers and other medical team members
- Managed nursing care coordination
- Performed patient assessments
- Administered oxygen and blood products
- Analyzed and completed electronic charting
- Acted as clinical resources to RNs, LPNs, CNAs.

Wound Care Coordinator

SSM Rehabilitation Hospital - Bridgeton, MO

January 2019 to January 2021

Served as an inpatient consultative service for patients with skin and tissue impairments. Collaborated with the interdisciplinary team as well as the Previous acute care practitioners to develop a care and treatment plan for patients while in house and served as an educator for patients and families to help with transition from hospital to home. Provided hands on and oversight of negative pressure therapy application, wound care supplies, and ordering of DME. Main educator for clinical staff and patient/families on skin and tissue impairments, treatment modalities, pressure injury prevention and treatment.

Wound Care Coordinator

Kindred Healthcare - St. Louis, MO

September 2016 to January 2019

Assessed new and current patients according to the facility policy which included developing care plans, wound care treatments, photograph filing electronically and other duties as assigned. Managed and treated patients with skin and tissue integrity impairments. I was also apart of the quality team to manage and prevent nosocomial wounds. I Collaborated with a wound care physician on a weekly basis to implement treatment plans, assist in bedside debridements, perform wound cultures, and daily/weekly assessments. I also functioned as an educator for the wound program with ongoing training for new hires and tenured registered nurses. Worked closely with the interdisciplinary teams to form care plans and discharge goals for every patient in house. I was responsible for managing purchase orders for wound supplies and rental equipment such as surface therapies, wound vacs, and sequential compression device pumps.

Registered Nurse

Kindred Healthcare - St. Louis, MO

March 2015 to September 2016

Provided bedside care to patients in a long term acute care hospital requiring highly involved medical care. Managed patients on ventilators and high humidity trach collars, long term IV antibiotics and parenteral nutrition, in need of wound care/wound vacs, ESRD requiring dialysis, ostomy and fistula management
