Work Experience

Registered Nurse - Post Operative Surgical Services (POSS) (Travel Assignment Via Rapid Staffing)

Ochsner Medical Center - New Orleans, LA

January 2022 to February 2022

Assigned to a Post Operative unit that included direct care of 5-6 patients. Often floated to other units to meet hospital needs. Responsible for assessing patients for post op complications while planning for discharge. Initiated cough and breathe deeply to prevent pneumonia and aid in the elimination of anesthesia. Explained and started water trails to advance diet as tolerated after surgery. Updated Plan of Care (POC) and carried out education teaching specific to patients POC via EPIC charting system. Managed Ropivacaine pump for continuous wound infusion pain management.

Registered Nurse - Med/Surg - Tele

Emory University Hospital - Atlanta, GA

January 2019 to January 2021

Perform an accurate physical assessment on admission and at specified intervals as necessary. Performs a complete psychosocial, environmental, self care, educational and discharge planning assessment. Create or modify patient treatment plans according to patients' responses and conditions. Assure the safety of patients. Management of drains (NG, OG, and PEG, chest tube, paracentesis). I'm able supervise less skilled nursing personnel, or supervise a med surg unit assuming the role of charge nurse as needed. Maintain competence and current adherence to established standards of practice. Provide compassion to the patient and the patient's family members.

Registered Nurse - Med/Surg -RICU (COVID-19 Travel Assignment Via Loyal Source)

Ochsner Medical Center - New Orleans, LA

April 2020 to June 2020

Assigned to a Respiratory ICU unit that included direct care of 3-4 COVID-19 positive patients. Responsible for assessment of respiratory status along with monitoring, recording, and evaluating other medical conditions. Care included oxygen titration, proning protocol, and individualizing care plan specific to the patients needs. All patients at some point of care received high flow O2, Bipap, Cpap, or Ventilation treatment. Innovative nursing reduced risk of exposure to hazardous medications and hazardous waste within the environment. Managed Heparin and insulin drips according to hospital policy. Updated family on patient condition each shift.

Registered Nurse

NCYCC Outpatient Clinic - Stockton, CA

June 2016 to December 2018

Assigned to collect labs requiring blood draw and EKG. Job duties include development and implementation of individual treatment plans for patients with broad range of health issues, admissions, transfers, and discharges, ensuring that doctors' orders were effectively carried out, including testing, medical procedures, and consultations, help refine unit policies and procedures in the areas of documentation. Respond to numerous volatile situations, earning the respect of physicians and coworkers for calm, levelheaded and quick thinking to restore the safety and security of patients and staff. Perform administrative and managerial functions as needed such as taking responsibility for a unit's staff, planning, and long-range goals.

Registered Nurse - Med/Surg - Tele

Vibra Hospital - Folsom, CA

February 2016 to January 2018

Assignment includes 4-5 high acuity patients in medical-surgical unit. Responsible for monitoring patients for change of condition while performing several tasks. 80% of patient assignment includes ventilated patients with trach care. Tasks include making rounds with physicians, obtaining blood (specimens) and recognizing changes in lab value, checking orders throughout the shift.

Wound treatments performed daily. Able to lift up to 50 lbs. of force occasionally, and/or up to 20 lbs. frequently, and/or up to 10 lbs. constantly. Assisting physical therapist and nursing assistants in team style nursing.
