## Work Experience

---

### **RN - Intermediate Care - Telemetry Unit**

Christus Healthcare - Beaumont, TX

November 2021 to Present

### **RN - Orthopedic Acute Care Unit**

Travel Registered Nurse - Colorado

June 2021 to September 2021

### **RN Med/Surg**

Houston Methodist Baytown - Baytown, TX

November 2019 to November 2020

As a medical/surgical nurse I performed a wide range of duties within a very fast paced medical facility. We became the unit that was providing all care to Covid patients. Providing care to patients in a pandemic. Recording a patient's medical history, checking the vital signs of a patient, giving all the physicians any essential information that impacts patient care, monitor and report abnormal labs and results of diagnostic testing, perform care to central lines, IV lines, femoral and peripheral for infection and administration of medications prescribed via line, dressing any wounds and notifying the doctor of any irregularities that may come up during the healing process.

### **Director of Clinical Care/DON**

Ascend Hospice - Baytown, TX

February 2018 to August 2019

I was the Director of Clinical Care. managing an office staff of 15 clinical and non-clinical. I assisted in starting all policies and procedures from the start and was greatly involved in the accreditation with ACHC. I worked with terminally ill patients and families. I provided education classes to staff and kept all records in compliance with standards of care.

### **RN Case Manager Hospice**

Altus Hospice Care - Houston, TX

October 2017 to February 2018

RN Case Manager Management and supervision of hospice patients, supervision of clinical and non-clinical team; Admissions; IDT meetings every 14 days with revision of care plans complete with team review overseen by physician; Management of symptoms in dying patients; education to patient/family/caregivers regarding disease process and symptom management.

### **RN Case Manager/DON**

Omnix Healthcare - Crosby, TX

March 2017 to September 2017

Working for Omnix I was initially hired to help start up Hospice along with providing nursing care to established Home Health patients. Coordinating care with terminally ill patients, preparing for survey, policy and procedure placement, case management of hospice patients including symptom management, coordination of care, end of life planning and education of terminally ill patients. Management of staff clinical and non-clinical. Reviewed clinical information for qualifications for hospice services; work closely with case management and clinical social workers of referring facilities of patients needing end of life care; facilitated placement and coordination of care at long term facilities; provided in-services for staff to remain current under placed guidelines. Insured all duties were carried out daily; supervised clinical day-to-day operations and oversight. Worked with QA nurse to keep patients records in compliance following policy and procedures; conducted interviews with human resources for staff placement when needed.

### **RN Case Manager**

Professional Health Services - Beaumont, TX  
June 2014 to March 2017

Hospice focused care providing end of life education/care and emotional support to family. Education in disease process, symptom control, coordinating care between hospice team, nursing homes/assisted living facilities. Provided continuous care for patients needing 24 hour care

### **Wound Care Nurse**

Kindred Healthcare - Baytown, TX  
October 2015 to February 2016

I worked for Kindred Health Care for a short time working with the wound care team obtaining experiences in managing wounds and caring for patients with lifelong conditions. I did this to gain experience and to take a small break from Hospice.

### **Director of Nursing (DON)**

Harbor Hospice - Baytown, TX  
October 2012 to March 2014

Director of Nursing Initially started in Home Health as director then shortly transitioning to hospice as the DON. Management of staff clinical and non-clinical. Directed care of 80 patients; Reviewed clinical information for qualifications for hospice services; work closely with case management and clinical social workers of referring facilities of patients needing end of life care; facilitated placement and coordination of care at long term facilities; provided in-services for staff to remain current under placed guidelines, insured all duties were carried out daily; supervised clinical day-to-day operations and oversight. Worked with QA nurse to keep patients records in compliance following policy and procedures; conducted interviews with human resources for staff placement when needed
