WORK EXPERIENCE

Surgical Scrub Technician — Saratoga Surgery Center | Saratoga, CA

June 2020- May 2021

- Practicing sterile technique in the operating room during numerous plastic surgery procedures, such as rhytidectomies, platysmaplasties, blepharoplasties, rhinoplasties, subnasal lip lifts and liposuction
- Direct patient care in pre-operative and post-operative duties.

Medical Assistant(MA) — California Skin Institute | San Jose, CA

January 2019- June 2020

- Direct patient care in medical procedures including biopsies, minor surgeries and excisions to patients in providing optimal bedside manner
- Assisted with diagnostic testing by collecting and packaging biological specimens for internal and laboratory analyses.
- Scheduled Mohs surgeries by making arrangements with the surgical center and verifying times with patients, preparing charts, pre-admission and consent forms.
- Performed back office work including prior authorizations, biologic drug approvals, patient referrals, contacted pharmacies to submit and refill patients' prescriptions.

MA/Phlebotomist/Scribe — Revive MD | San Luis Obispo, CA

January 2017- December 2017

- Introduced medical scribing to this private practice by constructing an efficient scribing template through Nextech.
- Performed preliminary physical tests, such as taking blood pressure, weight and temperature, accurately recording results in patient history summary.
- Assisted physicians by preparing patients for procedures, including but not limited to EKGs, phlebotomy, 24-hour blood pressure monitors, PRP procedures, drug allergy tests, IV administration, injections, glucose testing and pulmonary function tests.
- Assisted patients in preparation for examinations, assessing and recording vital signs.
- Sterilized instruments and disposed of contaminated supplies in adherence to OSHA regulations.
