Work Experience

Registered Nurse

Weiss Memorial Hospital - Chicago, IL

October 2020 to January 2022

- Treat patients with a wide variety of needs, illnesses, and injuries.
- often conduct routine physical exams, which allow for a relationship to form between the nurse and patient.
- work collaboratively with other healthcare professionals to treat patients with complex diagnoses that often require technology-driven total care.
- Assessing, planning, implementing, and evaluating patient care plans in consultation with healthcare professionals.
- Evaluating medical information, as well as providing direct and individualized bedside nursing care to pre-and post-surgery patients.
- Preparing, administering, and recording prescribed medications.
- Changing dressings, inserting catheters, and starting IVs.
- Adjusting specialized medical equipment as needed, as well as interpreting and recording measurements.
- Monitoring patients' vitals and reporting adverse reactions to medications in a timely manner.
- Collaborating on discharge planning with the healthcare team.
- Answering questions and educating patients and their families on surgical procedures and post-surgery care.
