## Work Experience

---

### **Travel Registered Nurse**

AMI Expeditionary Healthcare - Baltimore, MD

February 2022 to March 2022

Monitoring patients condition on a Med Surg Unit/Tele Unit. I assessed patients needs to provide the best possible care and advice. Observing and interpreting patient's symptoms and communicating them to physicians. Collaborating with physicians and nurses to devise individualized care plans for patients

### **Travel Registered Nurse**

Triage Staffing - New Orleans, LA

January 2022 to February 2022

Monitoring patients condition on the GISSU. I assessed patients needs to provide the best possible care and advice. Observing and interpreting patient's symptoms and communicating them to physicians. Collaborating with physicians and nurses to devise individualized care plans for patients.

### **Travel Registered Nurse**

Triage Staffing - Monroe, LA

November 2021 to December 2021

Monitoring patients condition on a Med Surg Unit/Step Down Unit. I assessed patients needs to provide the best possible care and advice. Observing and interpreting patient's symptoms and communicating them to physicians. Collaborating with physicians and nurses to devise individualized care plans for patients.

### **Travel Registered Nurse**

AMI Expeditionary Healthcare - Monroe, LA

September 2021 to October 2021

Monitoring Covid patient's condition on the Med Surg Ortho Neuro Unit. As well as charge nursing the Med Surg Ortho Neuro Unit. I assessed patients needs to provide the best possible care and advice. Observing and interpreting patient's symptoms and communicating them to physicians. Collaborating with physicians and nurses to devise individualized care plans for patients.

### **Registered Nurse (RN)**

VCU Health System - Richmond, VA

October 2020 to September 2021

Monitoring patient's condition on the Medical Intermediary ICU, as a Med Surg/Progressive Care Nurse at a level one trauma center. This particular unit trained all of their nurses to be able to function in

the capacity of a progressive care nurse, in the event of their Med Surg patient/patients requiring an escalation in care. I assessed patients needs to provide the best possible care and advice. I was also responsible for observing and interpreting patient's symptoms and communicating them to physicians. Collaborating with physicians and nurses to devise individualized care plans for patients.

### **Nurse Tech**
