Highly motivated and accountable Registered Nurse looking for a full time position in the nursing field to further my career in healthcare. Extremely dedicated with experience in patient centered care, self-management, patient teaching, time management, and medication administration.

Work Experience

Registered Nurse Supervisor

BrightSpring Health Services - Abingdon, VA

June 2019 to Present

Directly supervised LPNs who completed residential support care. Provided client centered residential care to intellectually and developmentally disabled individuals in group home setting. Provided education and training to unlicensed direct support staff; including medication administration training, rectal diazepam training, gastrostomy tube training, and multiple client-specific trainings. Works with interdisciplinary care teams including physicians, support coordinators, licensing specialists, residential service staff, and other nursing staff.

Registered Nurse

LifePoint Health - Richlands, VA

May 2016 to December 2019

Eagerly provided patient centered care, monitoring and assessing critical patients closely and intervening as needed. Provided emotional support to patients and family in times of distress. Use of critical drips (levophed, cardizem, amiodarone, dopamine, etc.), ventilators and sedation, central lines, arterial lines, removal of cardiac cath sheath's and TR bands. Filled in for other departments when census allowed; including, skilled nursing, med-surg, ER, and wound care center.

Registered Nurse

Ballad Health - Bristol, TN

June 2018 to February 2019

- Worked as needed on different Med/Surgical floors, including Pulmonary/Renal, Orthopedics, Neuro, and CCU stepdown units.
- Provided patient centered care, monitoring and assessing patients closely and intervening as needed. Including head to toe assessments, medication administration, post-operative care, patient/family education, and wound care.
