Experience

I have worked in a variety of professional environments as a CNA including skilled nursing facilities, memory care homes, assisted living facilities and home care. I have found that I enjoy fast paced work environments and hope to continue to branch out and gain experience in other healthcare environments, including hospitals.

Education

In high school I was fortunate to have had the opportunity to participate in an early college program, earning 40 credits from Rochester University. Although I have since had a couple set backs, I plan on returning to school this year with the goal of becoming a registered nurse.
