A Broader View Volunteers Corp - Ecuador

Volunteer Medical Mission Trip (Professional Clinical Registered Nurse)

- Pediatric non-profit primary care setting offering specialized care in areas of emergency, urology, trauma, neurology, ENT and general medicine to pediatric population with physical disabilities, hearing, intellectual problems, learning disorders and malnutrition while aiming for social and school integration
- Pediatric responsibilities: general telemetry monitoring and corresponding nursing care regarding and monitor recovery process to infant and pediatric surgical patients completing minor pre-and post-operative procedures and/or assist in transfer of post-operative patients to intensive care units in other facilities. This included IV insertion/medication management throughout duration of caring for these patients.
- High Risk Maternal-Obstetrical nursing care responsibilities: initial assessments, IV insertion/ medication management of OB patient population, working side by side OB/GYNs throughout delivery and ensure safety of mother and newborn. Many newborns were birthed by mothers who used opioids and other addictive drugs (nicotine, amphetamines, cocaine, marijuana, alcohol), experiencing painful withdrawal symptoms (neonatal abstinence syndrome) and required immediate and emergent responses to ensure optimal patient outcomes, in hopes of preventing long-term disabilities.
- Translation services utilized to ensure strong individualized patient and family education

Western Cape Government – South Africa

Western Cape College of Nursing Undergraduate Nursing Study Abroad (Undergraduate RN)

- Antepartum, Labor & Delivery, NICU, Post-Partum, Operating Room
- Antenatal health care screening/prenatal care/preventative services, delivery/triage of newborns
- Focused education regarding mother-child HIV transmission in low-resource areas, maternal abuse (gender/substance abuse) throughout gestational period/follow-up social work consultation, Kangaroo Mother Care (KMC)/ optimal infant nutrition
- Pediatric health care services and HIV/AIDS outreach programs
