RN Resume

Evans, GA 30809

djmmc@charter.net

+1 805 235 9300

Dear HR Department for RN Nursing positions:

I am applying for any current position you may have available for Charge Nurse/Staff Nurse/House Supervisor or etc. I am interested primarily in an Acute Nursing position or something similar.

I have over 51 years nursing experience in various settings which include: Pediatrics; Pediatric Surgery, including Neonatal; Pediatric and Adult Open Heart; ICU; CCU; Medical Surgical; Emergency/Trauma; Psychiatric; House Supervision; and Skilled Nursing.

In addition to the educational history provided on my resume, I have attended many classes, seminars and symposiums. I am very involved in the educational process and I have experience conducting informal in-services, acting as a preceptor for new staff members, as well as senior nursing students, whose primary focus was in Trauma, ER & Critical Care, while working in the various nursing settings.

I have enjoyed the strong team approach in the Emergency Department and the educational opportunities I have experienced. I am looking for an opportunity to share my experience by continuing to precept nursing students/new staff members, as I believe it greatly contributes to the quality and continuity of patient care, promoting professionalism and teamwork.

I have just renewed by BLS & ACLS, which are current for the next 2 years. I have a State of Georgia RN and a State of California RN License, both which are current for the next 2 years. I will be renewing by PALS & Neonatal certifications.

I believe I would be an asset to your nursing department. I look forward to the opportunity to discuss employment possibilities with your facility.

Thank you for your considerate review of my application.

Sincerely,
Michael G. McSpadden
(I am relocating to the Augusta GA area.)

Willing to relocate to: Evans, GA - -

Work Experience

Staff RN/Charge Nurse

Vineyard Hills Health Center (Compass Health Inc). - Templeton, CA
January 2019 to Present

I have been a Staff/Charge RN, for the Acute Medicare Side, performing the skills, that I have performed for many years in an Acute Hospital Setting. Examples: IVs', LAB draws, Foleys, NG Tubes, Feeding Tubes, Nursing Complete Head to Toes Physical Assessments; Nebulizer Treatments; Stabilizing a Patient in an Emergency Situation; Administering care to COVID Patients and a variety of other skills. I am very skill in Triaging & have always been very skill in assessing almost any patient and knowing what their problems is, include Neonatal, Peds, Adults Patients.
