RNNetwork Travel nurse agency

Tweeten Gunderson Luthern Health Care

Spring Grove, MN

11/13/2019-03/06/2020

Night shift RN/supervisor

Responsibilities: patient care up to 43 patients, treatments, medications, medicare and routine charting, IV management, Gtube management. Long term care, rehabilitation and care of dementia patients on a secured unit. Communication with MDs/PAs, patients and families. Matrixcare charting.

Bedrock Health Care of Watertown (Previously Dycora, Golden Living Center and Beverly Terrace)

121 Hospital Drive

Watertown, WI 53094

12/08/1986-04/15/2013 and 04/25/2016-11/13/2019 (CNA 7 years, LPN 7 years, then RN with supervisor and unit manager experience)

Responsibilities: care of up to 60 residents, including Medicare, Managed care, and Alzheimer's residents. This includes general nursing and documentation, as well as skilled nursing assessments and procedures. I instructed patients regarding disease processes, conditions and limitations, medication use, nutrition and hydration needs, and signs and symptoms of complications for a variety of chronic and acute diseases.

I collaborated with other health care disciplines, physicians physical therapists, speech therapist, and psychologist in an effort to provide a comprehensive plan of care, including detailed plan of care to residents and families, focusing on continued care, resident safety, and a healthy lifestyle beyond rehabilitation. I was also a CPR instructor and had been teaching within the facility since August of 2006. I was part of the behavior committee team, reviewing medications, monitoring behaviors of individuals, and making recommendations for medication changes and updating primary physicians and POA's.

I was also responsible for reviewing and updating monthly MARs and TARs. I review charts and collect information from individuals and family members in regards to immunizations, administering and/or delegating others to administer and keep immunizations up to date. I was also responsible for monthly pharmacy recommendations, updating physicians on these recommendations and following through with any changes in medications and/or lab orders. Point Click Care computer system.

Chart audits, Job performance reviews for RNs, LPNs, and CNAs. Scheduling lab work, appointments, and transportation for appointments. Reviewing documentation, starting care plans and updating daily, Discharge planning and documentation. Care conferences with patients and families.

Lake Country Health and Rehab
2195 Summit Ave
Oconomowoc WI 53066
PM Supervisor 2/13/2013-1/5/2014
RN Unit Manager 1/6/2014-4/21/2016

Job duties include: Supervision of staff, CNAs, LPNs, and RNs. Admissions, discharges, transferring patients to hospitals and other facilities. Patient assessments, updating families and MD on change of conditions and new orders. Aims monitoring, bowel and bladder assessments, Initiating and updating careplans, and chart audits. Patient care, medication administration, treatments, teaching, and discharge planning. Attending care conferences, annual and quarterly summeries. Monitoring potential for skin breakdown. I work very close with the DON to ensure quality patient care. I also do interviews for potential RN's, LPN's, CNA's.
