Work Experience

Work History Registered Nurse

Critical Connections Inc. - Rockville, MD

September 2020 to Present

Provided direct patient care to over 100 surgical patients, stabilized patients and determined next course of action.

Administered medications via oral, IV and intramuscular injections and monitored responses.

Managed care from admission to discharge.

Contributed substantially to successful department JCAHO accreditation by consistently operating to highest standards of care.

Taught patients how to improve lifestyle choices, dramatically reducing chance of symptom reoccurrence.

Monitored patient reactions to drugs and carefully documented findings

Advised patients and caregivers of proper wound management, discharge plan objectives, safe medication use and disease management

Collected blood, tissue and other laboratory specimens and prepared for lab testing

Collaborated with physicians to quickly assess patients and deliver appropriate treatment while managing rapidly changing conditions

Registered Nurse

University Of Maryland, Baltimore - Baltimore, MD

July 2019 to September 2020

Provided direct patient care, stabilized patients and determined next course of action.

Administered medications via oral, IV and intramuscular injections and monitored responses.

Managed care from admission to discharge.

Contributed substantially to successful department JCAHO accreditation by consistently operating to highest standards of care.

Led successful team comprised of RNs, LPNs and ancillary staff.

Teamed on trauma and emergency interventions involving serious head injuries, gunshot wounds and thoracic trauma to over 50 surgical patients.

Provided didactic and clinical instructions to orient new nurses and potential student nurses to achieve training outcomes.
