Work Experience

Mental Health Technician

Northwest Transitions - New Richmond, WI

November 2021 to Present

I work at an adult group home for residents who are suffering from a mental illness. I work alongside the program director with admission and discharged of each of the clients that stays with us. This is a stepping stone for them for placement, it is not a permanent home for them. I help the client determine goals and find ways to make that happen while they stay with us. I support the clients with any goals that they have to get them back into their choose environment.

Dialysis Technician

DAVITA DIALYSIS KIDNEY CARE - Hudson, WI

September 2017 to Present

I work along side the nurse to provide exceptional care to the patients throughout their treatment. It's a fast pace job, and requires the ability to multi-task. I provide care to 12 patients at a time, documenting in their charts about their treatment. My time is split up between caring for the patients and setting up for the next shift of patients. There is always something to do! I like the ability to create relationships with the patients and staff!

Flex Operator

SMC - Somerset, WI

September 2015 to September 2017

This position allowed me to offer different departments help that they may needed. In this position I worked on communicating well with all different employers, from engineers, to supervisors, to line coordinators. I loved being able to offer help wherever I was needed.

DATA ENTRY / OFFICE WORK

HANSEN AND YOUNG AUCTIONEERS INC

October 2014 to September 2015

This job has furthered my data entry skills and time management. I worked in the office as a secretary, answering phone calls, taking care of financial and confidential information. This job made me more observant to detail.

Caregiver

HAVEN OF HOPE DAY CARE INC

August 2013 to August 2014

Aug. 2013 to Aug. 2014]

This job allowed me to interact with clients each and every day. It also allowed me to work one on one with a client on different goals that he or she may have. I was responsible to handle confidential information of each of the clients. This job has taught me to be a professional care giver.
