Work Experience

Direct Support Staff

NORTHEAST RESIDENCE - Roseville, MN

December 2018 to Present

I work with four men with speech impediments in a group home in Roseville Mn. They speak sign language and had a 5-10 word vocabulary. They are non verbal and had diagnosis of Down syndrome and autism. I have to prepare breakfast lunch or dinner depending on the shift I was working. I have to clean the house and keep their rooms cleaned because they live in a private residence home so they could be treated with independency to feel and live normal lives. I have to pass their medication and the designated times. I also have to give them showers and interact with them in daily events outside the home.
