

Objective

Motivated nurse trying to obtain a position at a facility I can grow with. Offering a combination of diverse clinical experience, academic excellence, compassion, leadership and strong interpersonal skills. Dedicated to providing quality, cost-effective and evidence-based repair to help patients achieve optimal outcomes. A quick study, adaptable, and receptive to new treatment concepts backed by recent evidence. Consistently empathetic, actively listens and establishes rapport quickly with patients to deliver unbiased patient care in any healthcare facility.
