I am a RN seeking a position where I can continue to gain the knowledge, skill and confidence to be a successful part of a team. I have an extensive career history in the managerial, organizational, and developmental aspect of the medical field. I feel that will benefit me alongside my new career journey in the nursing field. I am seeking a position with growth and great leadership where I can utilize my current skill set alongside the new. Currently obtaining my BSN with hopes to obtain my Masters degree upon completion.

Authorized to work in the US for any employer
