

Jamie Desrosiers

Registered Nurse

Responsible and organized Operating Room Circulator offering exceptional patient care skills in ambulatory surgical centers. Focused on providing support to surgeons and patients and ready to join a facility dedicated to teamwork.

Experience

2019-Current

RN Circulator *Proliance: Everett Bone and Joint*

Assess patients prior to surgical procedures by interviewing and detailing medical histories. Prepare operating rooms to uphold strict asepsis standards. Liaison between doctors and CSTs to coordinate continuity of care. Capable of working equipment: C-arms, fluid pumps, tower monitors, microscopes, specialized beds, etc. Deliver exceptional care to patients throughout the entire surgical lifecycle to support positive health outcomes.

2016-2017

CST *Proliance: Everett Bone and Joint*

Set up equipment, instruments, and supplies needed for orthopedic procedures and organized instruments as directed in surgeons' preference cards. Collaborated with vendors to coordinate required services and equipment. Scrubbed various cases: spines, ankles, hands, shoulders, knees, etc. Turned over rooms efficiently. Washed, wrapped and sterilized instruments.

2014-2016

CST *Jacksonville Surgery Center*

Scrubbed various cases: general, plastics, ENT, cataracts, GYN, colonoscopies, etc. Suture ordering personnel. Breast implant ordering and organizing.
