

# CHELSEA HUDSON

REGISTERED NURSE, BSN

## ABOUT ME

---

Registered nurse dedicated to excellent patient care. My relevant healthcare involvement includes 1 year of experience on a level 1 trauma neuromedicine intensive care unit (NMICU) located at the number one hospital in the state of Florida. In addition, I bring 4 months experience as a PCA in a long-term care and rehabilitation facility.

## EXPERIENCE

---

### UF HEALTH SHANDS

NEUROMEDICINE ICU (NMICU) | GAINESVILLE, FL

Registered Nurse (RN, BSN) July 2021 - current

- Responsible for 1-2 patients daily in a 24-bed ICU with disease processes including, but not limited to, strokes, subarachnoid hemorrhages, brain aneurysms, seizures, brain tumors, spinal cord injuries, and traumatic brain injuries.
- Cared for post-op neurosurgery patients including, but not limited to, angiogram procedures, aneurysm stenting/coiling, back surgeries, tumor removal, craniectomies, and craniotomies.
- Managed, assessed, and treated post-operative wounds, drains, post-surgical equipment (i.e Jackson-Pratt drains, EVD's, lumbar drains, TR bands).
- Coordinated and directed care for patients by working with interdisciplinary teams, utilizing independent discretion, and implementing interventions as necessary.
- Admitted and assessed post-operative patients (i.e. frequent vital and neurologic assessments, pain control, nausea management, and history when applicable)

### NORTH FLORIDA HOSPITAL

REHAB & SPECIALTY CARE | GAINESVILLE, FL

Patient Care Assistant (PCA) April 2020 - August 2020

- Responsible for 10-14 patients daily on a 120 bed skilled nursing facility consisting of both long-term care residents and short-term care rehab patients.
- Assisted patients with daily activities such as physical therapy and community events, showering/bathing, and eating meals.
- Developed communication and patient care skills by routinely handling conflict and providing appropriate health resolutions
