## Work Experience

---

### **OR RN**

Milner Vein Clinic (Per diem) - Lithonia, GA

July 2021 to Present

I am the OR nurse in a being clinic. I monitor vital signs/ekg, connect patient to monitor, give conscious sedation, communicate with physician during procedure, gives medications he instructs me to during procedure, etc.

### **ICU RN**

St Joseph London KY

January 2021 to Present

I work in ICU at bedside a couple days a month PRN at the hospital. Monitoring patients, titrating drips, managing ventilators, vitals, total care unit. Skills such as IVs, catheters, ng tubes etc.

### **Clinical supervisor/ Case manager**

Advanced Care Partners - Atlanta, GA

July 2020 to Present

Clinical supervisor/case manager over a group of pediatric patients and the in-home nurses who care for them. . I help develop plan of treatments/care plans, do QA, so supervisory visits in the home, teach Central line classes, recertification packets for the children in our care, handle complaints, take administrative call, case manager for 40 medically fragile children, check nurses off on their skills etc.

### **ADON/Mental Health Nurse Coordinator**

GEORGIA DIAGNOSTIC AND CLASSIFICATION STATE PRISON - Jackson, GA

August 2019 to February 2021

#### Responsibilities

I was the mental health nurse coordinator and acting Assistant director of nursing at DCP. I supervised the mental health nurses (scheduling and administrative call). I also monitored the mental health inmates and their medication compliance. I assessed them and monitored for any physical side effects their mental health medications may be causing them to have. I compiled monthly reports on various topics. Took administrative call. Did nurse and aide schedules. Handled employee conflicts. Hosted meetings.

### **ICU RN**

St. Joseph Health - London, KY

April 2013 to September 2018

## Responsibilities

In the ICU I was responsible for the care of a team of patients. I did head to toe assessments. I monitor patients for change in condition. I use computerized charting to chart my findings. I pass medications and keep in touch with our internal pharmacy if any questions arise. The unit I was on is a total care unit, so the nurse is also responsible for things like accu checks, vital signs, and bathing/ grooming patients. I stay in touch with doctors, and take and follow orders on the chart. I was a charge nurse on the icu very frequently. My main goal is patient safety and satisfaction. I started at St. Joseph London on April 15, 2013.

## Accomplishments

Since starting at this job I have received many daisy award nominations from satisfied patients. I then was elected by upper management in the hospital to receive the actual Daisy Award for Extraordinary Nurses and I got to attend the Daisy ceremony in Louisville, KY. I work hard to keep my patients safe and happy. I try my best every day at my job. I was also in phi theta kappa in nursing school and graduated with honors. ACLS and BLS certified.

## Skills Used

We do a variety of skills- foley catheters, starting IVs, assessment, injections, charting, noting change in condition, contacting doctors, vital signs, intake/output, taking orders off, positioning patients, keeping patients clean, giving medications, checking blood sugars, ng tubes, maintaining oxygen levels on patients, starting patients on new bipap machines, titrating drips, wound care, advocating for patients, and many other things on a daily basis.

## Education

---
