Work Experience

Registered Nurse

Vidant Medical Center - Greenville, NC

August 2019 to Present

Serving as an acute care nurse is helping me learn many new skills and added a great deal to my knowledge base. I am learning better how to prioritize and look at a patient's overall health journey.

Licensed Practical Nurse/Registered Nurse

Interim Healthcare - Grand Rapids, MI

September 2017 to July 2019

As an agency nurse, I jumped right into the role of nursing in different settings including acute rehabilitation and skilled long term care. It was an opportunity for boundless growth in how to quickly connect to patients and team members as well break out of my proclivity for structure and master adaptability!

Certified Nursing Assistant

Select Specialty Hospital - Muskegon, MI

October 2011 to November 2017

While working closely with an interdisciplinary team, I learned how to care deeply for the many faceted needs of patients and families recovering from or dealing with acute and critical illness or injury. The team of colleagues here taught me invaluable ways to support a healing community, for which I will always be grateful.

Water Safety Instructor and Lifeguard

Muskegon Family YMCA - Muskegon, MI

September 2009 to January 2014

This role afforded an opportunity to interact with my community with a positive impact in encouraging an active and safe lifestyle. I was also responsible for the safety of our patrons.

Education

Associate in Applied Science in Nursing

Muskegon Community College - Muskegon, MI

August 2010 to August 2018
