Work Experience

Registered Nurse, Surgical Services

VCU Health System - Richmond, VA

June 2021 to Present

Lead nurse in surgical clinic. Responsible for overseeing all clinic patients and ancillary staff. Duties include making daily assignments, new employee orientation, opening and closing clinic, assessing and treating patients per physician orders. Skills used include nursing assessments, IVs/blood draws, medication administration, complex wound care, and assessing patient condition and transferring to higher level of care if needed. Created new employee orientation guides and designed new wound care cart for nursing use. In charge of vascular surgery triage pool.

Detox Nurse Coordinator

The Coleman Institute - Richmond, VA

January 2020 to June 2021

Charge nurse responsible for triage and care of detox and primary care patients. Perform intake, assess, and discharge patients from opiate, alcohol and benzodiazepine detox.

Provide hourly assessments of patient condition, start IVs, give medications, and assist with sterile procedures (abdominal implant insertion).

Also nurse for primary care and suboxone clinic in same location- oversaw assessment and care of patients from those practices if needed.

Ran triage pool for all 3 practices.

Performed supply/medication ordering and inventory.

Assisted with training and orientation of new employees.
