Work Experience

LUCILE PACKARD CHILDREN'S HOSPITAL, PALO ALTOS, CA - Registered Nurse PICU, July 2021- Current

- Taking care of acute, chronic, and acute on chronic children. With multi-system issues requiring management from multiple disciplines.
- Caring for patients with congenital issues like cardiac, respiratory, gastrointestinal, urinary, and neurological. Working with patient that needs respiratory support to require supplemental oxygen tracheostomy, BiPAP, CPAP, intubation, and VV/VA ECMO. Providing care for neurological issues that require EVD, subdural bolts, and EEG.
- Working with families during these difficult times providing emotional support, education, and resources.

NEBRASKA MEDICINE, OMAHA, NE - Registered Nurse PICU; Dually trained in adult, pediatric, and neonatal critical care nursing, January 2020-June 2021

- I care for critically ill and high acuity children and families that require complex assessments, high-intensity therapies, and interventions in a dynamic environment utilizing multiple machines. Able to cue into the child's nonverbal communication and subtle changes in the patient's status that may require intense, rapid response, and vigilant nursing care to prevent deterioration into a life-threatening situation. A disciplined, energetic employee who swiftly establishes positive rapport with patients, families, and colleagues. Work alongside the Nebraska organ retrieval team to help facilitate possible donors and complementary therapies needed for optimum organ utilization.
- Proficient in ICU skills: assisting with bedside surgical procedures, management of multiple chest tubes, and surgical drains. Skilled in code management. Invasive hemodynamic monitoring care and management of arterial, transhepatic, umbilical, and central lines. Adept with technology such as including nitric oxide HFOV, EEG, and CRRT. Preoperative and postoperative care for multi-visceral transplant patients (liver, pancreas, small bowel, and colon), neurological cases including EVD, subdural bolts, craniotomies, and strokes. IV drug therapy; administration, initiation, and titration of inotropic, CAR-T chemo, vasoactive medications, sedation, and paralytic drips. I am committed to evidence-based practice and professional growth by the ongoing pursuit of continuing education through seminars, conferences, and specialized skills training.

KETTERING HEALTH NETWORK, KETTERING, OH - Nursing Extern; MICU and ED May 2019- July 2019

- As a nurse extern, served as full-time as an RN extern in the Intensive Care Unit and Emergency Department. I performed all patient care tasks as an RN under the supervision and guidance of a nurse preceptor. During this role, I was able to take on the full patient load of my preceptor comfortably and with confidence. As a student, this experience taught me time-management skills, chart skills, and communication with family, patients, and the healthcare team.
- Exposure to working with numerous modalities including, CRRT, nebulizers, tracheostomies, vents, electroencephalography, EKGs, arterial lines, central lines, blood draws, and NG/PEG tubes.

BRYAN MEDICAL CENTER, LINCOLN, NE - CNA on Neurological Progressive Care Unit, 2018 - 2020

- I provide high-quality patient care and display strong clinical skills in assessing vital signs, performing lab draws and glucose checks, and providing pre-and post-operative care. Ensure the accurate, timely flow of information by maintaining thorough patient records and updating the healthcare team on the patient's status. I was commended for chart accuracy, effective team collaboration, patient relations, and consistent empathetic care delivery.

BARRY'S BAR AND GRILL, LINCOLN, NE - Supervisor, 2017 - 2020

- Develop a high-performance team through effective employee development, performance management, coaching, and training. Maintain a safe working environment for staff and customers. Create and improve current systems and procedures to help shape an efficient working environment.
