## Work Experience

---

### **Registered Nurse-OR Manager/OR/Pre-Op/Conscious Sedation**

Summit Surgical - Fresno, CA

October 2017 to Present

Overseeing entire OR and pain management department with 7 OR's and a team of 35. Preparing patients for surgical procedures through assessment. Charting, medication administration, and IV placement. Team oriented care of orthopedic and pain management cases with anesthesiologists and surgeons to best provide quality care in high turnover case load. Health assessments via phone and face to face interaction. Patient and family education regarding surgical procedure through Summit as well as post-op care. Circulating in the operating room during cases to assist surgical team.

### **Registered nurse**

COASTAL SURGICAL INSTITUTE - Pismo Beach, CA

January 2020 to June 2020

Outpatient surgery center for orthopedic, general and GI cases. Assisting in the operating room as a circulator or local nurse. Floating to pre-op, PACU and GI when necessary. Charting in patient care plan, administering medications, starting peripheral IV's, facilitating care between patient and family and physicians

### **Clinical Nurse II**

St. Agnes Medical Center - Fresno, CA

July 2019 to September 2019

A telemetry and observation floor with varying degrees of disease processes. Administering medications and drips, collaborating with case management/social work/PT/OT, physicians and care of lines and drains. Learning to analyze rhythms

### **Registered Nurse**

Dr. Freeze - Irvine, CA

July 2017 to October 2017

Performed consultations and procedures for CoolSculpting, Clear and Brilliant, and weight loss. Managed front desk duties such as phone calls, emails, spreadsheets, and patient interaction. Participated in team meetings to assess team goals and expectations. Performed injections and medication administration with documentation.

### **Registered Nurse-Home Health Liaison**

Memorial Care Home Health - Laguna Hills, CA

September 2016 to September 2016

August 21017

Coordinating care for patients at discharge from acute care setting to the home. Collaborating with physicians, nurses, case managers, and clinical supervisors to provide effective care unique to patient needs to prevent re-hospitalization.

### **Registered Nurse**

Brookdale Senior Living - San Juan Capistrano, CA

April 2016 to September 2016

Performing patient assessments, medication administration, treatment interventions, in relation to medical diagnosis. Facilitated admissions, utilized facility electronic medical record, and communicated with physicians, family, and pharmacy.
