Registered Nurse position where my knowledge and experience in patient-centered care, professionalism, and attention to detail will support your facility in providing compassionate, holistic, and quality care to every patient.

Work Experience

Registered Nurse (RN, BSN)

Seattle, WA

December 2019 to Present

- Assess, identify appropriate nursing diagnoses, plan, implement and evaluate patient care.
- Develop, update and coordinate a plan of care to achieve patient goals and health outcomes.
- Monitor, record and communicate patient conditions.
- Maintain patient safety, identify and correct problems, integrate evidence, and best practice into nursing care by implementing knowledge, data and evidence-based research.
- Delegate and coordinate care by collaborating with the interprofessional care team to maximize patient outcomes.
- Assist in the training and development of new staff nurses while providing high-quality nursing care.

COVID-19 Vaccinator

Redmond, WA

May 2021 to July 2021

- Demonstrate understanding of Pfizer COVID-19 vaccine.
- Administer Pfizer COVID-19 vaccine using proper intramuscular injection technique.
- Educate individuals on the Pfizer vaccine including mechanism of action and potential side effects.
- Collaborate with other team members to maintain individuals safety during the vaccination process.

Licensed Practical Nurse (Per Diem)

Prestige Care and Rehabilitation Center - Clarkston, WA

January 2019 to July 2019

- Administer medication, complete treatments, and procedures for up to 24 residents as ordered by the physician.

- Monitor resident skin conditions, response to medications, and residents on alert status.
- Report changes in resident condition or new problems to the nurse supervisor and physician.
- Delegate and supervise unlicensed assistive personnel in the delivery of resident care.
