Wester Governors University

10/21/2019

Bachelors in Science Of Nursing

South University

DECEMBER 2019 -

Adult Gerontology Primary Care Nurse Practitioner (AGPCNP) MSN

An adult gerontology nurse practitioner (AGNP) is an advanced practice nurse with a clinical focus on treating patients from adolescence through adult ages and into advanced age and geriatrics. Requiring an advanced degree and training, the adult gerontology nurse practitioner works with a broad patient population in a variety of settings, from private practices and clinics to hospitals and treatment centers, and has more independence as a practitioner than a typical registered nurse. Unlike most RNs, an adult gerontology nurse practitioner has the authority to prescribe medicines, order and analyze diagnostic tests and develop and implement full treatment plans for their patients.

SKILLS

Catheterization , Cardiac Care, Bedside monitoring, comprehensive assessment , Organization and prioritization, Problem Solving , Team Leadership.
