ASSOCIATES DEGREE IN NURSING

PERSONAL PROFILE

In 2009 I became a CNA, and this is when my passion for the nursing field sparked! I finished school in 2019, while raising my kids and supporting my husband during his military service. I passed the NCLEX exam in July of 2019 and have 7 years of experience working in the healthcare industry. I am resilient, and I achieve the goals I set for myself. I love working with people from diverse backgrounds and I am excited for this new opportunity!
