WORK EXPERIENCE

Cardiac Catheterization Registered Nurse

June 2021-current

HCA Kingwood, Kingwood, TX

Served as a member of an interdisciplinary healthcare team in providing time critical care to cardiac patients and assisted in interventional procedures including cardiac catheterizations, angioplasties, and pacemakers.

Provided nursing care before, during, and after cardiac catheterization and special procedures. Cared for patients undergoing diagnostic and Interventional cardiac catheterizations. Assisted in all procedures, provided patient education, assessment, and monitoring, administering medications. Participated in performance improvement activities. Coordinated age specific care for the adolescent, adult, and geriatric individuals. Implemented Quality Assurance and practiced Infection control policies. In-depth knowledge of implantation of pacemakers and implantable cardioverter defibrillators.

Emergency Room Charge Nurse

Texas Emergency Hospital, Cleveland, TX

June 2020-August 2021

Served as a member of an interdisciplinary healthcare team in providing critical care and performing life-saving interventions in a time critical environment.

Managed a team of nurses to provide intensive emergency care and medical support in crisis situations. Performed patient intake for crisis and physical trauma cases, administering first-response care and giving pain management medication. Supported medical professionals, including surgeons, physicians, and various other treatment specialists. Developed treatment and medication plans for emergency room patients in order to set them up for a successful recovery after crisis or trauma. Confidentially shared reports with various medical professionals and treatment counselors in order to develop recovery treatment plans.

Emergency Room Registered Nurse

May 2016-May 2020

Memorial Hermann Northeast, Humble, TX

Served as a member of an interdisciplinary healthcare team in providing critical care and performing life-saving interventions in a time critical environment.

Identified and interpreted conditions of minor and critical nature and initiated proper nursing care for all age groups. Merged empathy and strong interpersonal skills by ensuring both physical and emotional needs of patients and families were maintained. Multitasked and prioritized responsibilities based on patients' conditions in a timely manner maintaining confidence in critical situations and in triage. Efficiently and knowledgeably provided RN care for all ER patients in need of defibrillation, auto transfusions, trauma care, splinting, conscious sedation and hypothermia protocol. Assisted with rapid sequence intubation, ventilator management and initiation of critical drips per hospital protocol. Built strong communication skills to establish rapport and trust with patients and families. Maintained patient privacy and safeguarded confidentiality of all patient information and records.

Pharmacy Technician

May 2015 – Oct 2015

Wal-Mart Pharmacy, Louisville, KY

Received written prescription or refill requests and verified that information is complete and accurate. Maintained proper storage and security conditions for drugs. Prepacked bulk medicines, filled bottles with prescribed medications, and typed and affixed labels. Received and stored incoming supplies, verified quantities against invoices, checked for outdated medications in current inventory, and informed supervisors of stock needs and shortages. Prepared and processed medical insurance claim forms and records.

ADDITIONAL AWARDS AND CERTIFICATIONS
