PROFESSIONAL

Passionate and innovative **Registered Nurse** with experience in Neuroscience, an undergraduate degree in Nursing, and the ability to master new skills.

SKILLS OVERVIEW

- **Impeccable talent for analyzing behaviors and situations** with the ability to create tactical strategies to produce the most desired outcome

- **Extensive field experience with assisting doctors by** analyzing patients diagnosis, prescribing medication, and solving complex problems

- **Documented success in improving the overall health, minds, and trajectories** of culturally diverse communities within Kansas City, Missouri

HIGHLIGHTS OF ACHIEVEMENTS

Received Recognition in July 2021 by the Senior Director at HCA Research Neuroscience Institute 1 month into my position for dedicating countless hours of outstanding customer service, positive interactions, and facilitating a thoughtful and inclusive environment for every patient.

Praised by Neurosurgeon, Dr. Peter Basta, MD and the Neurology department at HCA Research Neuroscience Institute on my ability to use vigilant critical thinking to solve complex, life threatening problems throughout the COVID-19 pandemic, saving a total of **5** lives.

Complimented by HCA Research Neuroscience Institute doctors, nurses, medical assistants, and patients on my ability to manage high stress environments and situations, some of which include epically rooming patients in a timely manner.

Thanked by HCA Research Neuroscience Institute Senior Director, Jamie Perkins and HR manager Hannah Hitterman, on my ability to constantly plan, prioritize, and manage my time to achieve perfect attendance.
