Registered Nurse accredited by the Texas Board of Nursing with proven competency in critical, emergent care settings. I am a trusted team player with excellent communication and collaborative skills, a strong sense of duty and integrity, and an attentiveness to evidence-based practice resulting in effective client outcomes. I have experience in Level I, II, and IV Trauma Centers and have worked with EPIC and Medhost.

Experience

My Emergency Department RN experience involves both a rural, 16-bed Emergency Department, as well as a 100-plus-bed Level I Trauma center. These experiences have formed a well-rounded and strong development in critical thinking and prioritization as it pertains to triage, primary and secondary assessment of trauma, and rapid observation of patient decline. I have gained valuable experience in the events of trauma, stroke, cardiac arrest, respiratory distress, and metabolic emergencies. In addition to these common acute conditions, I am competent in the skills required for vast and varying ailments including, but not limited to: wound care, splinting, phlebotomy, cardiac monitoring, catheter care, pharmacology, and blood administration.

MARCH 2022 – PRESENT

Registered Nurse, Emergency Department (Level II)/Texas Health Harris Fort Worth, Fort Worth, TX

OCTOBER 2021 – MARCH 2022
