Objective

Provide effective, quality, safe care to everyone I encounter within my nursing career. Provide therapeutic communication, listen, advocate, teach, and help to the best of my ability. Continue my education to gain more knowledge about the science of nursing and its many areas. I do unto others as I would have others do unto me. Provide integrity, reliability, team work, kindness, and empathy. My desired goal is to continue my education and help within the community. My purpose is to serve others whole heartedly.
