## **Clinical Lead**

Delta Medical Center - Memphis, TN

May 2015 to May 2017

### **Responsibilities**

Providing nursing assessment of patients in an outpatient setting

Spearheaded the development of an outpatient program serving adults with chronic mental illness in collaboration with the Clinical Director

Implementing direct care services including case management, counseling, crisis intervention, medication monitoring, documentation, development of individual treatment plans

### **Accomplishments**

Lead weekly staff meetings attended by the IDT, licensed therapists, psychiatrists, and liaisons from the supported employment and life skills program

Facilitated group meetings in an outpatient setting, complete therapeutic milieu and document behaviors

### **Skills Used**

Critical thinking skills are greatly used because many teens mentally ill patients neglect their physical health due to mental illness. As a nurse extensive patient education is key in helping a patient understand their mental illness as well as incorporating preventive medicine. It's achieving preventive medicine one patient at a time

## **RN Charge Nurse**

Highlands of Memphis - Memphis, TN

March 2014 to November 2015

### **Responsibilities**
