5/10/22

I am a dedicated & compassionate recent RN graduate with 5 years' experience working as an LVN at a Skilled Nursing & Rehabilitation center in Nacogdoches. I have proven the ability to provide direct quality patient care in a timely manner with a high patient ratio. I am seeking a position in which I can utilize my skills and continue to learn and grow. I am enthusiastic, have a friendly demeanor, and really enjoy doing what I do. I am a hardworking individual that prides myself on my critical thinking & prioritizing skills. I have conquered multitasking while still ensuring the safety of my patients. I have strong communication skills and understand the importance of non-verbal communication as well. I am an excellent team player, in both collaborative care and just in general, I am always willing to help other's out. I believe integrity and professionalism goes along way, and we as medical professionals should be held to certain standards. It is important to always treat others the same way we would want to be treated and to give the best care while ensuring dignity and respect. A nurse's job is exceptionally important, and it is something that I take very seriously. We are the eyes & ears for our Doctor's, and lifelines for our patients. I believe if given the opportunity I can prove myself a great asset to any team and I would strive to do my absolute best giving competent & compassionate quality care.

Work Experience
