FAVORITE HEALTHCARE STAFFING

Tornillo, TX
August 2017 to Present

July 2019: Activated for disaster relief in Louisiana (Baton Rouge) for Hurricane Barry.

December 2018: Provided care for migrant unaccompanied minors in Tornillo, TX. Duties included assessment upon admission, clinic consults, medication administration, immunizations, strep and flu screenings, and caring for minors in the infirmary.

August 2017: Provided disaster relief for Hurricane Harvey evacuees at two different BCFS medical shelters in town. I was B shift captain at Bravo Shelter and A team captain at Alpha Shelter. Performed duties under the supervision of BCFS charge nurse. Duties included: providing care for guests such as breathing treatments, glucose checks, insulin administration, administration of meds, taking vitals, assisting guests to restroom and showers, support for oxygen dependent guests, trach care and CPAP use. As a captain, I also had the responsibility of making sure all timesheets were reported to Favorites Healthcare on a timely basis at beginning of shift and end of shift. All guests were cared for with a holistic approach. Making sure they knew that we had an ear ready to listen to their needs and concerns during this very stressful time in their lives.
