Dear Nursing Recruitment,

I am eager to contact you upon learning that your company has an opening for a new Registered Nurse. For several years as a student, I have focused my career path and academic pursuits on learning and developing all the important skills necessary to be a successful nurse. As a personal mission, I strive to have a positive outlook on life while using my skills to help those in need.

I believe being genuine and nurturing, along with professional and driven, is an essential combination for people in my field. I possess medication administration, evidence-based care, and direct patient care skills. Through my clinical experience, I have learned that being a nurse we are exposed to different types of environments. Dealing and taking care of people's health and well-being is not always easy. But taking the right steps to improve their situation and help them through their health issues while showing empathy and caring for them using evidenced-based practice is important as a nurse. I thrive in these stressful environments because I am truly passionate about nursing. I light up and am so excited to do all the various activities as a nurse. My abilities extend to critical thinking and communication with proficiency in motivation.

Working with people from diverse backgrounds has provided me with a deep understanding and awareness of differences in both individuals and organizations. These qualities will help to support your mission while reflecting positively on the professionalism and competencies in its employees.

For further details of my qualifications, background, and contributions, please take a moment to review my enclosed resume. I believe that I can successfully be the Registered Nurse you're seeking, and I welcome the opportunity to speak with you at your earliest convenience.

Sincerely,

Danielle Ioppini RN, BSN

To whom it may concern,

I would like to recommend Danielle Bolinas for the position of registered nurse. I worked with Danielle during her preceptorship at the Valley Presbyterian Hospital Emergency Department. As her preceptor, I found Danielle to be consistently hard-working, self-motivated, and compassionate. Additionally, she has strong critical thinking skills and a sense of urgency. She is a team-player who does not hesitate to lend a helping hand to colleagues. I have no doubt she will be a great asset to any healthcare institution. I therefore recommend Ms. Bolinas without hesitation. Should you have further questions, please do not hesitate to contact me. Thank you very much!

Best Regards,

R. Brian Minero, RN BSN
