

Abigail Waltz

Registered Nurse

Hume, IL 61932

theladywaltz21@gmail.com

+1 217 712 0619

I have been a registered nurse for 3 years. Prior to becoming a nurse, I was a radiologic technologist for 15 years. I have experience in multiple settings, including home care, clinic, med/surg, long-term care, and special care unit. I have experience with hospice, geriatrics, dermatology, gastroenterology, and insulin and cardiac drips. I recently underwent training at the National Laser Institute, and obtained certification for aesthetic laser treatments, neurotoxin and dermal filler injections, and PRP injections and microneedling.

Authorized to work in the US for any employer

Work Experience

RN - RHC Specialty Float

Horizon Health - Paris, IL

February 2022 to May 2022

I was responsible for providing patient care and performing and assisting with procedures in dermatology, podiatry, general surgery, women's health, urogynecology, and gastroenterology. I also scheduled patients, notified patients of test results, and filled out and submitted prior authorizations. Most of my time in this position was spent in dermatology.

Registered Nurse

Haven Hospice - Chrisman, IL

January 2021 to February 2022

- Assessing patients to confirm that they qualify for end-of-life care, and admitting them to hospice care
- Performing admission, routine, as needed, and death assessments
- Educating patients and families on symptoms of decline and how to manage symptoms
- Establishing and following individualized plan of care for each patient
- Admitted patients
- Facilitated the plan of care
- Delivered patient education
- Collected and interpreted patient data

MDS Coordinator, RN

Newman Rehabilitation and Health Care Center - Newman, IL

June 2020 to January 2021

I was responsible for performing and entering resident assessments for payments to facility. I also, along with the other nurses and CNAs, observed residents for changes in condition and do whatever is possible and necessary to reverse declines in condition. I also performed bi-weekly COVID-19 tests.
