### Experience

#### 4 Years Registered Nurse Experience

##### Memorial Medical Center - Float Pool

FEBRUARY 2022 - MAY 2022, MODESTO, CA

Coordinated care for patients on multiple units including Telemetry, Orthopedic/Trauma, Oncology, and Surgery. Maintained patient safety and ensured uninterrupted plan of care for unfamiliar patient populations

via effective team communication and adherence to unit-specific policies and procedures.

**Dominican Hospital – Transitional Care Unit**  
AUGUST 2021 - NOVEMBER 2021, SANTA CRUZ, CA

Performed the nursing process and collaborated effectively with the interdisciplinary team during a 12-week span in order to improve outcomes of complex patients including post cardiac cath and open heart patients. Communicated patient status effectively per protocol and procedure, including through use of an unfamiliar electronic documentation system.

**Clovis Community Medical Center – Cardiovascular Progressive Care Unit**  
MAY 2018 - JUNE 2021, CLOVIS, CA

Assisted in management of telemetry and step down level patients using the nursing process. Precepted new RNs and float RNs to the unit. As a member of the Skin Wound Assessment Team, audited charts for compliance and educated staff on pressure injury prevention. During the pandemic crisis, accepted and performed new tasks and responsibilities including floating to the ICU.
