

Katelyn (Katie) Wareing

Prosperity, SC
kato8852@yahoo.com
+1 980 229 7175

I have worked in many different areas of nursing, giving me a wide variety of skills. I am a hard worker, thorough, and analytical. If you are looking for a great employee, no need to go any further.

Authorized to work in the US for any employer

Work Experience

COVID-19 Tester

Impact Health Biometric Testing, Inc.
October 2021 to Present

Wearing all PPE, performed Covid testing with nasal swab and registered clients at times to get tested. Properly stored specimens. This is a per diem position that allows me to work elsewhere. Worked with clients of all ages.

COVID-19 Vaccinator

Starmed - North Carolina
March 2021 to Present

Vaccinated and tested children and adults for Covid. This is a Per diem position, with varying hours and ability to work elsewhere.

Registered Nurse (RN)

Maxim Healthcare Services
December 2018 to Present

I completed 3 assignments for this travel nursing company. First in Corrections and 2nd in pediatric mental/behavioral health ages 7 to 17. Third was administering flu shots in various settings for flu season 2020. I have not signed up for an assignment with this company since then.

Registered Nurse

Dedicated Nursing Associates, Inc.
October 2017 to Present

I worked in long term care/ rehabilitation facilities. I obtained knowledge of many common medications while administering them in a timely manner. This is a per diem position, allowing me to work elsewhere.

Registered Nurse

Vital Medical Staffing - Charlotte, NC
November 2016 to Present

I have mostly worked at a 7 day detox/mental health crisis center picking up shifts. There I performed withdrawal symptom assessments and administered Meds to alleviate these symptoms. This company joined with DNA, who I also work for.

Registered Nurse (RN)

J&D Healthcare Services - Charlotte, NC

July 2017 to July 2019

I worked in home health, mainly with 1 adult patient who required care of a G-tube and trach. She was a total care patient to which I performed CNA skills for as well. I also gained experience in pediatrics by working with a 15 year old who was bed bound.

Education

Bachelor's degree in Nursing
