Education

Ameritech College

Associate of Applied Science in Nursing 2010

Professional Experience

Newport Bay Surgery Center

Responsibilities: All duties associated with Pre-op, Circulating in OR and PACU. I was trained and proficient in all of these areas. Surgeries were primarily cataracts. Extremely busy and fast paced. Detailed charting was very important. Made follow-up phone calls to patients. Worked directly with the physician to ensure the OR ran smoothly and efficiently.

Contact: Vanessa Towers 714-717-6358

Vincent Surgical Arts- Surgical RN (Cosmetic)

Responsibilities: Manager of OR and RN's. Responsible for ordering supplies, and implants. Train RN's on policy and procedures. Carry out pre-operative and post-operative orders. Sterile technique used to prep patient for surgery. Circulate in OR during procedure. Pain management, IV medication administration, wound care, and patient teaching. I see all post-op patients, remove sutures, and assess healing process and results.

Contact: Traci Nims: 801-942-1111

Intermountain Healthcare UVRMC- NICU
