## CAREER OBJECTIVE

Detail-oriented Registered Nurse who is aiming to leverage academic experience, work experience, and a proven knowledge of patient safety to successfully fill the Registered Nurse role in your company to expand my experience and knowledge in the nursing practice.

## WORK EXPERIENCE

### REGISTERED NURSE – EMERGENCY DEPARTMENT

*San Joaquin General Hospital / Stockton, CA / September 2021 – Present*

- Provided excellent nursing care within a Level II Trauma Center and Primary Stroke Center.
- Participated in nursing care for emergency situations such as mass casualty incidents, stroke alert, trauma activation, sepsis alerts and interfacility patient transfers.
- Various nursing care experiences including triage, conscious sedation, ventilated patients and ICU- level care.

### REGISTERED NURSE – EMERGENCY DEPARTMENT

*Colusa Medical Center / Colusa, CA / May 2021 – October 2021*

- Utilized the Emergency Severity Index to triage patients based on physical, psychological, and social needs. Diligently monitored patients for minor and significant changes in condition.
- Fulfilled all roles during code blue situations, performing as an efficient team member following specific facility protocols, documenting events, administering medications, performing CPR, and informing appropriate persons.
- Perform quality thorough assessments on patients, documented and administered medications using EHR and MAR.

### REGISTERED NURSE – SUB ACUTE UNIT

*River Bend Nursing Center / Sacramento, CA / November 2020 – June 2021*

- Managed up to 18 central or peripheral lines to provide antibiotic therapy, TPN, and/ or hydration. Managed ventilators for patients with tracheostomies and maintained clear patient airways. Utilized critical thinking and problem solving to effectively manage patient experiencing acute respiratory distress.
- Various nursing skills including enteral feeding via G-tube, tracheostomy care including suctioning, ostomy care, foley catheter insertions, and peripheral IV insertions.

### REGISTERED NURSE – COVID UNIT

*Rock Creek Care Center / Auburn, CA / June 2020 – November 2021*

- Performed and documented ongoing assessments including observation, physical examination, lab results, and patient response to nursing interventions.
- Specialized care in adult and older adult patient populations with COVID and adverse physiologic effects of the disease process.
