LICENSES & CERTIFICATION

- RN, State of California, License #95258561 Exp. Jan 2023
- RN, State of Missouri, License #2021023623 Exp. Apr 2023
- American Heart Association: BLS Exp. Mar 2024

WORK EXPERIENCE

Wellpath: South Placer Correctional Facility Jan 2022 – Current

- Assess new intake patients for acute and chronic care needs, and implement various safety protocols per patient
- Utilize time management to quickly triage long-term patients with chronic medical diagnosis and diverse medical or psychiatric medications
- Review nursing plans to ensure data collected, nursing diagnoses, and proposed nursing care plans are relative, and that they confirm with authorized policy and procedures.
- Review medical records to ensure nursing practice provided is within boundaries of State guidelines, and that all nursing recordings are in legible SOAP format to include the date, time, signature, and discipline.
- Ensure all referrals for consultation, treatment or resolution of problems are valid and applicable to the documented nursing plans.
- Monitor the nursing service, ensuring the provision of progressive patient care plans, employing the total team approach including patient teaching and self-care.
- Assist the Director of Nursing (DON) to ensure that the technical and clinical skills of the Registered Nurses RNs are current that they function within the scope of their licensure, and nursing actions are not delegated to another provider for which that person is not prepared or qualified.

CLINICAL & EDUCATIONAL EXPERIENCE

Operation Safe: Vaccinator Feb 2021 - Apr 2021

- Administered over 250 vaccines to the senior population, high-risk population, and general public. Independently administered covid-19 vaccines, trained new vaccinators, filled in for absentee vaccinators, assisted in restocking vaccine supplies, and educated patients on the covid vaccine. No extra or school credit was given for the additional voluntary attendance at Operation Safe. Showed up with a positive attitude and excited to help and keep others safe. Volunteered over 30 hours of community service.

Center for Developing Kids Oct 2017 - Sep 2018

- Collaborated with speech, occupational, and physical therapists to facilitate cognitive development for 3-year-olds with developmental disabilities. Learned how to interact with disabled children while appropriately responding and adapting to their needs, and actively observed health care professionals perform their daily duties with children. Followed all instructions given from volunteer coordinators and therapists, including setting up sensory motor activities, crafts, and rooms for other activities or cleaning for the end of the day.

LAC + USC Medical Center Mar 2012 - Jan 2013

- Completed 200 hours of volunteering, learned proper bedside manner from registered nurses, and quickly answered call lights from patients and carried out their requests. When asked to, I picked up prescriptions from the pharmacy for doctors, nurses, and patients. Professionally interacted with medical healthcare professionals and became familiarized with the daily necessities of patient care, such as patience, compassion, and communication.

NON-CLINICAL EXPERIENCE

Duke Colloquium Apr 2021

- Duke Colloquium is an academic conference gathering students from all areas of academia to increase involvement in research and education. With the deadly pandemic, I researched the prevalence, causes and consequences, and prevention and management of burnout in nurses.

Soccer With A Purpose Feb 2017 – Jun 2017

- Tutored young teenagers in a variety of subjects, answered questions regarding schoolwork, and acquired skills to supervise and manage others. Reported to superiors about group goals and progress, as well as areas for growth. Maintained and encouraged a supportive positive environment conducive to adolescent's learning and education.

EDUCATION
