## Objective

Driven and passionate nursing graduate seeking a challenging position on a collaborative team where I can utilize and expand upon my current skills with an emphasis on patient-centered care and patient advocacy.

## Student Nurse Experience

- Performed patient care and teaching on a busy unit with 20 active beds
- Performing through head to toe assessments
- Acted as a second nurse during delivery and assisted in cesarean sections.
- Performed successful discharge teaching to patients and their family
- Was commended by preceptor for providing compassionate care with high quality time management and communication skills

## Skills

Electronic charting, medication administration, assessing and interpreting vital signs, working with high acuity patients. Competent assessing and caring for intrapartum and postpartum patients. Working well in fast-paced environments, under pressure, alone & as a member of a team. Organizing and prioritizing shift duties, delegating duties as needed. Accountability, time management, therapeutic communication skills, leadership, dependability, clinical judgment.

## Work Experience
