Authorized to work in the US for any employer

## Work Experience

---

### **LPN (Licensed Practical Nurse)**

Clipboard - Racine, WI

March 2022 to Present

Currently working as an agency LPN at various locations through Clipboard Health such as The Bay at Sheridan in Kenosha, WI, The Bay of Burlington in Burlington, WI, and in a nursing home facility in Muskego, WI.

### **LPN (Licensed Practical Nurse)**

BrightStar Care - Racine, WI

February 2021 to Present

Staff agency LPN for facilities within the Kenosha-Racine, WI area through contracts and per diem shifts. Some facilities I have been staffed at include The Villa of Racine, WI, Kenosha Estates of Kenosha, WI, and The Addison of Pleasant Prairie of Pleasant Prairie, WI. Each location has helped me build a stronger comfort level with nursing skills, which has given me the ability to adapt to different facilities with little to no orientation. It has also allowed me to help contribute to the circle of health care professionals who give great care to patients, especially throughout the time period of the COVID-19 pandemic. Duties included but were not limited to admissions, medication administration, wound care treatments, order, labs, and collaborating with the other health care team members to give great care to the patients. Enjoy working as an agency nurse and I am still currently employed through Brightstar Staffing Agency at the Racine, WI location.

### **LPN (Licensed Practical Nurse)**

Crossroads Care Center - Kenosha, WI

July 2020 to February 2021

Long Term Care, Rehab, and Skilled nursing experience within LPN scope of practice under RN supervision. Tasks range from duties within facility protocol, charting, catheters, covid safety, infection control, wound vac care, G-tube care, etc skilled nursing cares.
